YOUR SCORE

The PSAT has a total of 1520 points, while the SAT is out of 1600.

SCORE PERCENTILES

Ima's percentage here means that she scored as well as or better than 69% than typical high school students nationally (the College Board uses a comparison of a typical high school student, not other students who have taken the exam). This percentage is a general benchmark.

YOUR TEST SCORES

These are your raw scores for each section. They turn into the scores listed above by combining the Reading and Writing score and multiplying by 10, and the math raw score and multiplying by 20.

Ima, this was your score when you took the test; it is not a measure of how far you can grow!

Students with scores like yours increase their performance on the PSAT/NMSQT[®] the SAT[®] by 130 points after 10 or more hours of personalized practice on Khan Academy[®].

Your NMSC Selection Index

139

NMSC uses a Selection Index score based on PSAT/NMSQT scores as an initial screen of students who enter its scholarship programs. The Selection Index score is double the sum of your Reading, Writing and Language, and Math Test scores.

Eligibility Information

You meet entry requirements for the 2021 National Merit Scholarship Program and your Selection Index score will be considered among 1.6 million program entrants.

If your Selection Index places you among the 50,000 high scorers who qualify for National Merit Scholarship Program recognition, you will be notified next September when qualifying Selection Index scores are made available.

Entry Requirements

Information you provided on your answer sheet:

High school student: YES

Year to complete high school and enroll full time in college: 2021

Total years to be spent in grades 9-12: 4

National Merit Scholarship Corporation

National Merit Scholarship Corporation (NMSC) conducts the National Merit® Scholarship Program, an academic competition for recognition and college scholarships.

To designate students who qualify for recognition in its 2021 competition, NMSC will consider the 2019 PSAT/NMSQT® Selection Index scores of some 1.6 million test takers (usually high school juniors) who meet program entry requirements. For more information, please visit: www.nationalmerit.org.

If any of your responses to NMSC's "Entry Requirements" questions are inaccurate or there has been a change in plans that may affect program entry, write immediately to:

National Merit Scholarship Corporation
Attn: Scholarship Administration
1560 Sherman Avenue, Suite 200
Evanston, IL 60201-4897

Include your name and home address along with your high school name, address, and six-digit code number.

By taking the PSAT in your junior year, you are entering a chance to be awarded a National Merit Scholarship. The number displayed how your score was calculated into the National Merit Selection Index, which compares your score to others in your state. For the Class of 2023, the cutoff score was 220. It changes each year with each test but the last five years in California, it was anywhere from 215-222.

YOUR PATH TOMORROW

Here's what else is waiting for you online:

- 1 Course Recommendations
2 Scholarship Opportunities
3 Free Khan Academy SAT Prep
Don't forget! Register to take the SAT ahead of college application deadlines in spring of junior year and fall of senior year.

ADDITIONAL INFORMATION

The College Board will give you customized practice based on your performance on the PSAT through Khan Academy. While we do recommend using Khan Academy's free practice tests (both digital and those you can print out), we haven't seen students significantly raise their score by using just Khan Academy. Check out our free resources for the SAT by clicking here. Remember that it's best to solidify your strong SAT score before the end of your junior year.
